

English

Reading: We would like you to complete the comprehension questions for the 'Mars' text.

Writing: Using this link, <https://www.bbc.co.uk/bitesize/articles/z6n6dp3> please complete the lesson on 'Figurative Language and Imagery in Poetry'. Watch the video clips and then have a go at activities 1 and 2. (There is a third activity that you can complete, however this is optional.) We have uploaded the worksheets for activities 1 and 2 on our website.

Spellings: Please practise 'Adverbials of Place Spellings'. Children in Miss Halligan's English set may want to continue practising spellings from the 100 club instead.

Get Creative

For this week's creative activity, we want you to draw with Rob! We want you to draw a self-portrait and send it in!

You could even add a nice background of your favourite place to be or draw some different members of your family!

<https://www.youtube.com/watch?v=oCDta3CQ9Ak>

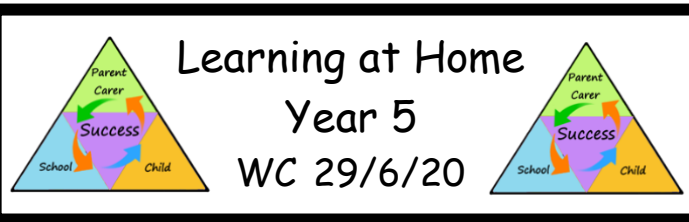

Science

Seeing as our leaf detective activity proved quite popular a few weeks ago, we now have another nature inspired challenge.

Can you identify birds in your garden or on a local walk?

Use our handy bird spotting guide to help you!

Demonstrate our Value of the Week

How can you show **resilience** this week? You could persevere with something that you find a little bit tricky, maybe your spellings or a difficult maths task? Maybe you could show resilience by completing every virtual sports day activity, no matter how tired you get!

Word of the Week

Assonance - this is also called 'vowel rhyme'. **Assonance** is the repetition of a pattern of similar sounds within a sentence.

Time to Move

Virtual Sports Day!

<https://www.youtube.com/watch?v=UhcCgmNIMpA>
This video includes 3 Sports Day style activities to complete each day of the week! 😊

Maths

The maths activities this week continue to focus on transformations. The lessons are delivered to you by 'Oak National Academy', which has been formed by several teachers across the country to deliver different lessons for home learning.

If you enjoyed the 'I See Reasoning' lessons, they are available via this link.

<http://www.iseemaths.com/lessons56/>

Links to the individual Oak National Academy lessons will be available on our website.

Our World

This week we would like you to learn about the seven continents and five oceans of the world and how to map them using a globe and an atlas.

Start by following this link:

<https://www.bbc.co.uk/bitesize/articles/zk3nscw>

Watch the two videos, read the information and then complete activity 1.

If you have a printer, print out and complete activity 2 from our website.

If you don't have a printer, complete activity 3 by following this link to the

Geography Explorer game:

<https://school.eb.co.uk/levels/foundation/geography-explorer>
