This Week's Highlights

What an amazing week we've all had...

Nursery have now welcomed all of our new friends. We are having lots of fun exploring our Nursery, both inside and outside. We are getting used to our routines. We particularly enjoyed some dough gym and ring games this week.

In Reception it has been a pleasure to welcome all of our children and see everyone making new friends. We have all enjoyed the story of "Whiffy Wilson- the wolf who wouldn't go to school", the children thought he was very silly when he said school was boring. We have completed our self-portraits which will soon be proudly on display.

Year 1 have had a lovely week reading our class story 'The Worrysaurus' and completing lots of activities relating to the story. We have discussed what a worry is, how we can deal with them and the importance of sharing our worries so we can 'let them free'. All children have worked very hard on the linked writing activities and have enjoyed the linked provision.

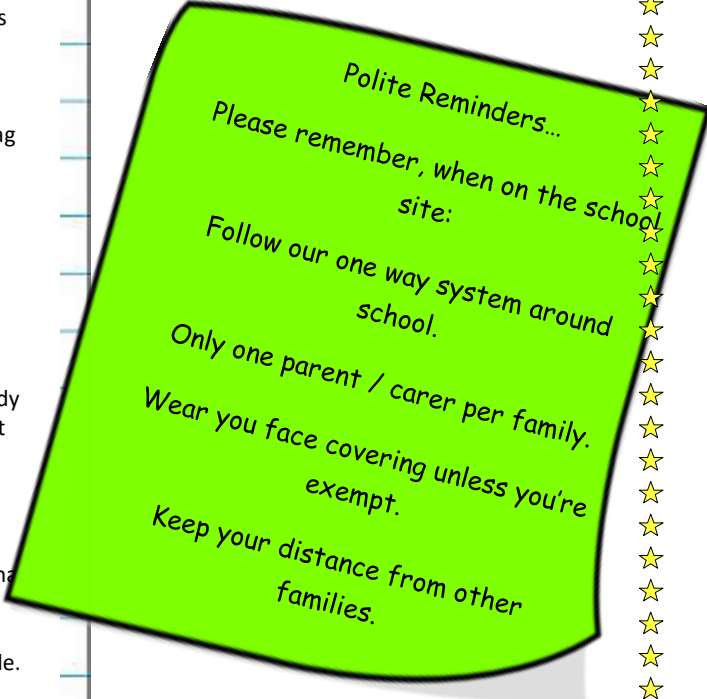

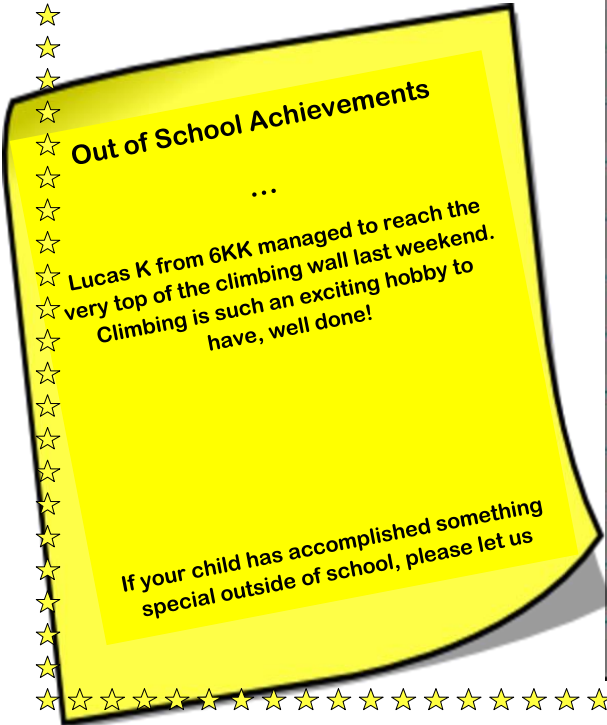

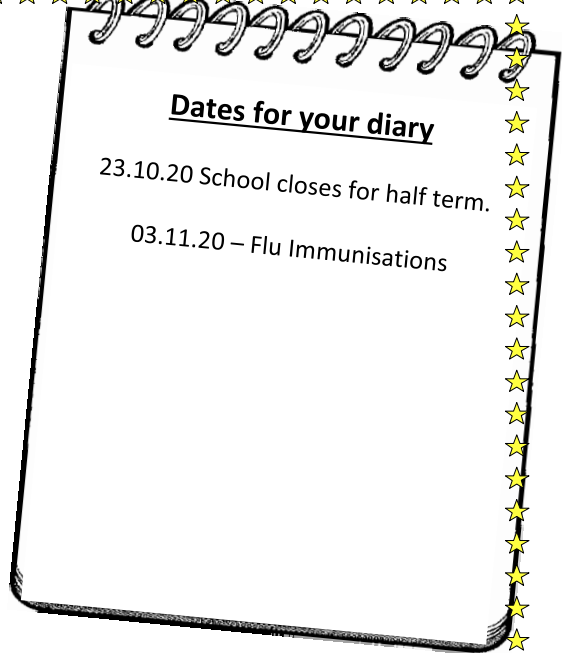

Year 2 have begun their adventures exploring the UK this week, drawing and labelling their own maps, and reading The Queen's Hat and The Queen's Handbag stories. We've really enjoyed taking our learning outside as much as we can to complete different literacy and maths challenges.

Year 3 have loved exploring our school field for wildlife this week and coming up with lots of suggestions for how it can be improved to encourage even more creatures to live there!

Year 4 have enjoyed testing their maths knowledge with a variety of place value problems this week. We have also begun to learn about electricity and are already thinking about some big questions such as 'What would our lives be like with out electricity?'-some of the children were surprisingly for the idea of no games consoles!

Year 5 have started their English work on persuasion this week. We have loved reading our book 'I Wanna Iguana' and exploring different persuasive features that Alex uses to persuade his mum to get him a pet iguana!

Year 6 have thoroughly enjoyed starting our new project all about the water cycle. We have conducted a series of really fun, hands-on investigations to help us to learn about evaporation, condensation and precipitation.

This Week's Value Stars!!

RKI- Kaleb Verlinden + Winter-Rose Hillman

RRG- Leo Daly + Aisla Groves

We demonstrated courage this week:

Year 1: James P, Eve P, Iszballa, Lorna

Year 4: Tyler K, Jessika T, Sydney A, Haydn C

Year 2 Lojanesh S, Phoebe H, Lucas E, Jessica M

Year 5: Leon M, Mika J, Matthew M, Kyle P

Year 3: Sienna H, Summer K, Olivia N, Emily S

Year 6: Jasmine A, George M, Kaiden CL, Lily-May P

Attendance Winners

EYFS- NAM, NPM, RKI and RRG all achieved 100%

KS1 – Mr Garry's Class 99.7%

LKS2 – Miss Knowles' Class 97.8%

UKS2 – Miss Kellett's Class 98.4%

This Week's Learning at Home

Word of the Week

Nursery – independent (having a go by myself) Year 3 - eagerly

Reception - bored

Year 4 – appliance

Year 1 – 'butterflies in your tummy' (meaning to feel nervous)

Year 5 – persuasion

Year 2 - plot

Year 6 – accumulate

Problem of the Week

To restart our weekly maths problem, I decided to add a fun game that is accessible for children throughout primary school (and adults). It's called '**Pass the Peas Please**'

A simple game board can be printed from the link below OR it can easily be copied onto a piece of plain paper. You'll find the simple instructions within the link too.

Send Mr Garry a DOJO message with a picture of you playing 'Pass the Peas Please' to be in with a chance of winning the weekly maths prize! All entries will be added to a raffle, drawn the following Friday.

Good luck!
