1. You and five friends have tickets to see Matilda in block 209. How much did you pay for tickets altogether?

2. You buy two £72 Matilda tickets. Would it have been cheaper to buy three Mama Mia tickets from block 205-211?

3. 20 people went to see The Greatest Show Man. The cost was £240. Was it 20 children or 20 adults who went to see the showing?

Challenge

A group of people go to the cinema. You pay £105. How many adults and how many children went to the show?
