Our value this month is:

Respect

Reading

Please make sure you listen to your child read at least 3 times a week and record this in their reading records.

For those children not yet bringing a reading book home, please make sure you are reading to them as frequently as possible.

This Week's Highlights

In **Nursery** this week, we enjoyed preparing for our trip to New Brighton; learning about how we can keep safe during the trip, including sun safety. During the trip, the children enjoyed exploring the fairy houses that are in the park, they were keen to spot the different features in each themed house. The children's behaviour was fabulous, and this was noticed by other visitors to New Brighton too.

This week in **Reception**, we enjoyed a lovely trip to New Brighton Beach to help us learn more about the beach as a place and how our town is different. We have learned how beaches have changed over time. We have also been learning how to double in maths.

This week in **Year 1**, we have started writing our letters to our MP. We are hoping that if we 'Speak Up' like the character in our story then we can help to save our library from closing. In maths we have been learning directional language and using our knowledge of left and right to complete the Cha Cha slide! In history, we found out some fascinating facts about our school and cannot wait to learn more. Did you know the school building used to be where the field is now?

Year 2 have had a very exciting week! We have watched our caterpillars transform into chrysalides and been on a trip to Blackpool Tower. The children were so brave going up the tower and so respectful of others around them. We were lucky enough to be invited onto the ballroom floor to dance and the children had a great time! The children did a great job practising their geography field work skills and using their geographical vocabulary too.

This week in **Year 3**, the children have been working so hard on their end of year assessments! They have also been exploring using different joining techniques in DT and learning how to read 4-figure grid references in geography!

This week, in **Year 4** we have completed all of our end of year assessments and our multiplication checks which we will hopefully receive the results of next week. The children have also worked very hard on their final art piece of Banksy inspired artwork. We are very proud of the effort so many of them have put into developing their drawing skills this term, well done!

Year 5 have enjoyed learning about the late Sir David Gamble in History! They researched who he was and why he is such an important historical figure of St Helens. Check out our Twitter post! They have worked really hard in both their reading and SPAG assessment this week- well done Y5!

Year 6 have been working their socks off getting ready for their production at the end of the year. There has been lots of singing practice and dance training in the hall with Lucy in this hot weather. They have also been visiting their new high schools in preparation for next year.
